EDUCATION

B.E. Computer Engineering

GEC Bhavnagar, CGPA 65.8, Year 2011-15

EXAMINATION

GATE 2015

Secured 361 score

SUMMARY

Highly skilled Android Software Developer with 8 years of experience seeking a challenging role in a dynamic organization where I can utilize my skills and expertise to contribute to the growth of the company.

WORK EXPERIENCE

Senior Software Developer

Halodoc Technologies LLP

2021-Present

- Interacted with cross-functional teams to ensure seamless collaboration and communication.
- Conducted thorough code reviews and successfully addressed software defects and issues.

Business Impacts

- I partially handled the insurance linking revamp process which increased policy linkings by 20%.
- The clawback feature Android part was purely developed and maintained by me which increased revenue in insurance by 30%.
- The benefit rejection feature raised consultation and medication purchases from insured users.
- Projects: [Halodoc-Customer](#), [Halodoc-Doctor](#), [Halodoc-Midwife](#)

Software Developer

Gambit Sports

2019-2021

- Customized UI in real time to meet specific requirements.
- Collaborated with product, backend, and sales teams to deliver successful projects.
- Took ownership of feature development and implementation.

Business Impacts

- The Dream Team feature increased application installations by 50%. It is similar to Dream 11 apps but with some advanced features.
- The improved user interface for their events led by me and two other developers increased the application installations.
- Projects: [Nostragamus](#)

Software Developer

Solute Technolabs

2016-2019

- Developed and implemented software solutions to meet client requirements.
- Collaborated with senior developers to design and code new features and enhancements.
- Performed unit testing and debugging to ensure software functionality and quality.
- Participated in code reviews and provided constructive feedback to improve code quality.
- Assisted in troubleshooting and resolving software defects and issues.
- Adopted Branch mechanism using version control tools.
- Followed Agile workflow using Scrum methodology.
- Contributed to the company's technical blog and participated in onsite work.
- Projects: [Reelo](#), [Sportclubby](#), [Alldaydr](#), [Suprize](#) & [Modulus finance](#)

Junior Software Developer

Techgeeks Softech

2015-2016

- Keen learner with a strong understanding of workflow. Seeking to work under experienced developers to gain more knowledge and experience as an Android Developer.
- Projects: [Netbeans](#)
